A Cleaner Park, Together

A clean and active park is a safe park.

Thanks to everyone who came out on a hot, holiday weekend to pick up trash, pull weeds and generally tidy up during our annual park cleanup!

Ward 2 Cleans Neighborhood Wash

Council member Paul Cunningham and the Ward 2 staff will be doing a few hours of community service in the ward on Fridays, focused primarily on cleaning up small to medium abandoned homeless camps.

Homelessness is a complex issue and the office has recently hired a homeless outreach coordinator. They're also trying to help in ways they can, including the cleanups, one of which took place in early April in Rose Hill Wash by the Autism Academy. Thanks, Ward 2!

Planning Kicks Off for 2024 Home Tour

If you've got a great home from the 1950s/60s era that can help us celebrate what's fabulous about the architecture and history of the post-war housing boom, we'd love to hear from you!

Longtime neighbors may remember the pandemic put our 2020 plans on hold, but we're gearing up again to share what inspires us about the place we call home.

Drop us a line if you want to help or volunteer as a docent at the history stations!

A Glimpse into the Second Half of 2024

We've gotten approval for an art asphalt project between the park and Kellond Elementary! Stay posted for details on a fun block painting party in the fall!

The Loft has agreed to sponsor another movie night in the fall this year. We're looking at the first Sunday in October. More to come!

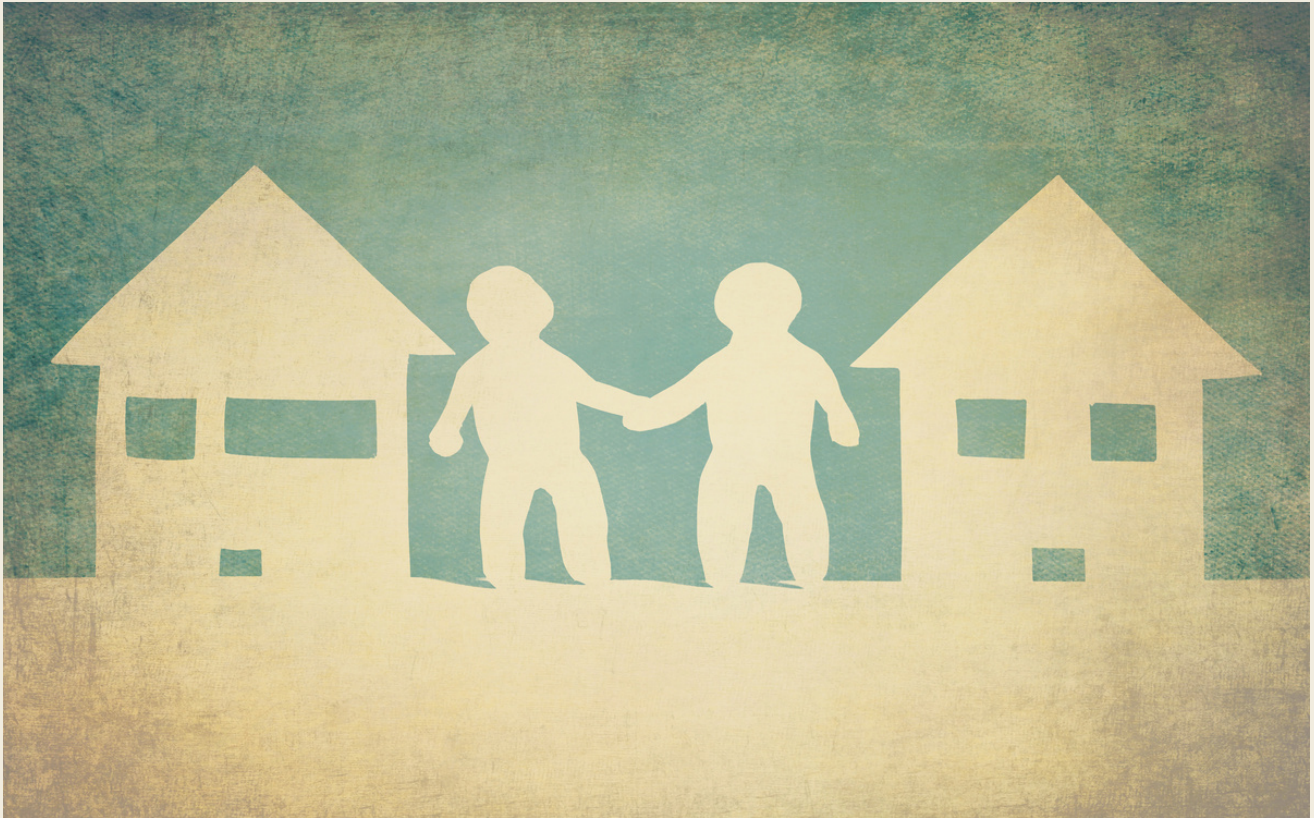

We'll also be bringing back our annual bake sale fundraiser, starring our talented neighborhood bakers, and of course, our annual holiday events. Stay posted!

Daaang, We're Pretty!

Just looking at the park through a photographer's eye. Let's keep it up!

Tell a Neighbor!

A neighborhood is stronger when its residents know one another and celebrate our connections and keep up on the latest developments.

We can't afford mailings, since our neighborhood association relies on volunteers and donations.

If we all invite one neighbor to sign up for the newsletter or go to a meeting, we can expand our circle and continue growing.

Thank you for your help!
