Got Memories?

Did you grow up in the neighborhood? Maybe you spent your childhood at Kellond or playing in the park? Perhaps your family is an original owner of a neighborhood home?

Better yet, maybe you have photos!

We'd love to collect origin stories about our neighborhood, to be able to continue celebrating its history and the way this area and others like it were part of a growth boom that shaped Tucson in the coming decades.

We'd love to hear more!

Park Improvements Coming

Stay posted here for news and updates about upcoming park renovations. Last we heard, the department was starting the procurement process, which will identify a construction contractor. More to come!
